# The Mustard Seed

---

Our Kindergarten, Grade 3 and Student Voice members in Grades 4 and 5 participated in a presentation from The Mustard Seed. There, students heard about how they could help Calgarians impacted by homelessness, poverty, and food insecurity. Specifically, students learned about using respectful (“people first”) language, becoming informed and donating items to clients of The Mustard Seed. Students were also given information about the importance of healthy food donations for the clients of The Mustard Seed.

# Warm Feet, Warm Hearts

In response to this presentation, our Grade 3 and Kindergarten created a donation drive called Warm Feet, Warm Hearts. Students presented the donation drive to our school population and did an excellent job helping our school understand how all of us can help and contribute to the Mustard Seed's Warm Feet, Warm Hearts donation drive.

# Warm Feet, Warm Hearts

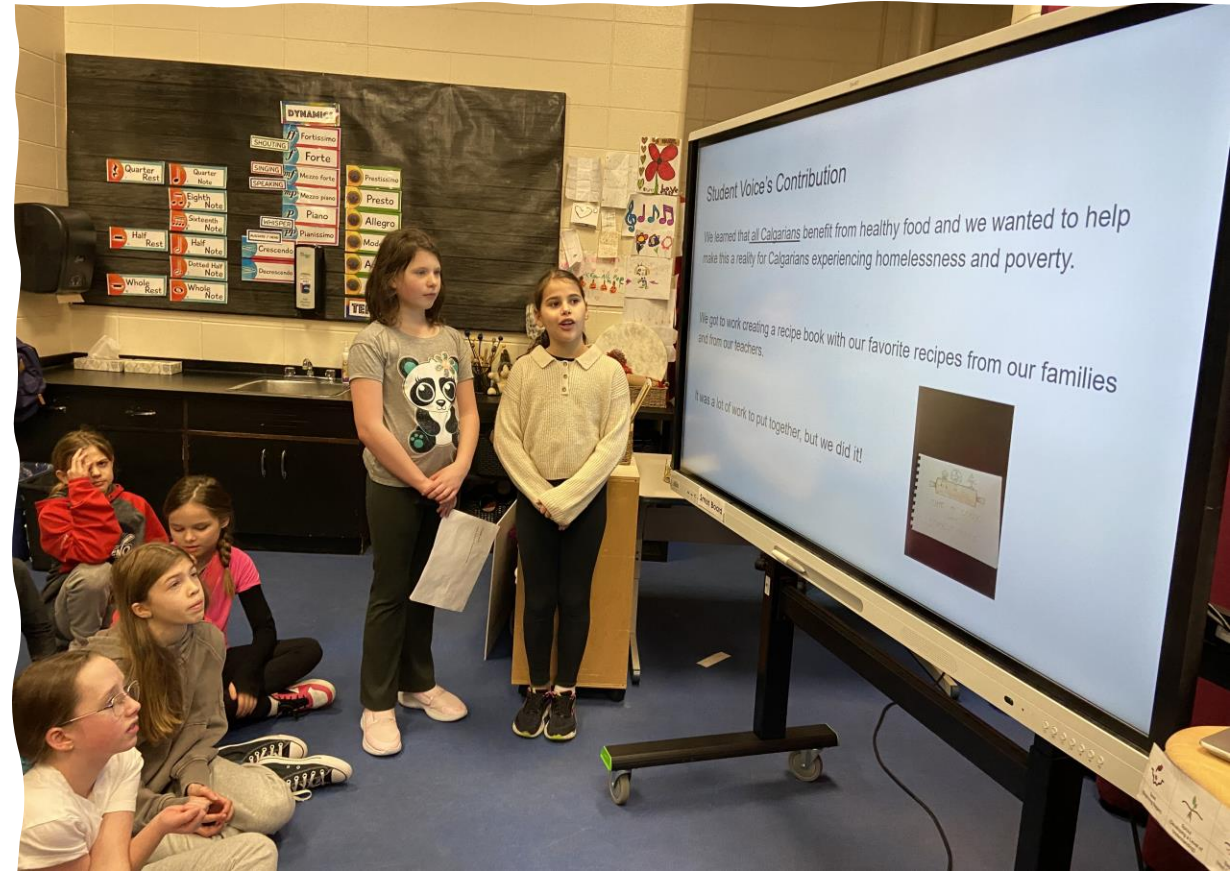

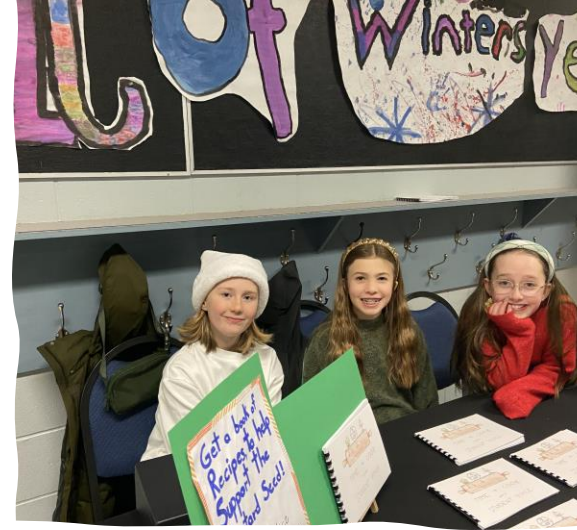

Donated items were packed up with care inside large Ziplock bags and included a handwritten card to be given to the clients at the Mustard Seed.

# Time to Cook with Student Voice

---

Student Voice members created a cookbook entitled “Time to Cook with Student Voice”. This cookbook featured recipes from Student Voice members as well as staff members. The recipe books were then sold by donation (\$5.00 minimum) at each of our Winter Concerts. All funds raised from this initiative were donated to support The Mustard Seed.

# Time to Cook with Student Voice

---

- We were able to present Kaleb and The Mustard Seed a cheque for \$1438
